# THE COLLEGE APPLICATION PROCESS

- Most, if not all, college applications are on-line.
- Make sure to reference individual college websites for specific information regarding their admissions process.
- Deadlines vary! Be sure to check the dates for the colleges to which you are applying.

## **Common Application Program to Apply for College**

- Many colleges now offer students the option of using the Common Application. The Common Application allows the student to complete one application online which then submits the same information to all the schools the student designates. Some colleges may require supplemental information in addition to the Common Application.
- For the Common Application website, go to [www.commonapp.org](http://www.commonapp.org).
- After the student completes their part of the application, the counselor will receive an email requesting that a counselor statement be completed and a transcript attached.
- Allow two weeks for the request to be processed and submitted electronically.
- An Authorization for Release of Records form is not required for the Common Application program.

## College Admissions Options

- **Early Action** is an admissions procedure to notify student of early admissions to the college. Students are not obligated to accept the college's offer of admission.
- **Early Decision** is a plan under which candidates may submit credentials early to one college, usually by October 15 of the senior year. Applicants are notified of their status by December. As part of an early decision plan, students are required to sign a statement agreeing to accept the college's offer of admission and must only apply to one school as Early Decision. Students must withdraw applications from other colleges if accepted under early decision.
- **Regular Admission** is the plan under which candidates submit credentials during November to February, depending on school deadlines. Check the deadlines for each individual school.
- **Rolling Admission** is the plan under which candidates submit credentials at their convenience through a certain date, usually late in the year. They receive an offer of acceptance or denial within four to six weeks.
- **Onsite Admission** is an admissions option in which colleges visit students at the high school and make admissions determination during a scheduled appointment

## College Admission Keywords

- **Offer of Conditional Acceptance** is acceptance to a college provided candidates maintain academic performance throughout the year. A college can withdraw its offer if grades fall significantly or if a student is involved in an activity that results in disciplinary action by the school or law enforcement.
- **Denial** is a final decision by the college to not offer admission. Students who are denied can apply again after completing at least a semester of college coursework.
- **Deferment** is a delay of admissions decision until a later time. Many competitive schools will defer fall applications to the spring in order to receive additional grades and other information.
- **Waitlisting** occurs after the regular admissions process is complete. There is no guarantee a college will go to the waitlist or where students rank on the waitlist. Students on a waitlist for one college should plan to attend another college and then reconsider if offered admission at a later time.

"OK, maybe it would be better if I interview Anne alone."

# STANDARDIZED TESTING INFORMATION

- The **SAT Reasoning Test** (Scholastic Aptitude Test) measures critical reading, mathematics and writing ability and predicts college performance. Colleges select the best critical reasoning, math and writing score for admission criteria. The **SAT Subject test** measures performance in specific subjects. Some highly competitive colleges require SAT Subject tests for placement, and even admission into certain programs.
- The **ACT** (American College Test) measures educational achievement in english, math, reading, science, and writing. Colleges select the best scores from each area for admissions criteria. The ACT also predicts performance of the freshman year in college.
- The **Test of English as a Foreign Language** (TOEFL) is an admissions test administered by computer that focuses on listening, structure, reading, and writing. It is for students whose native language is not English. This includes English as Second Language (ESL) students and non-English speaking students who have been living in the United States for less than five years.
- Check with colleges to see which test they prefer, most schools take both tests.
- Students can register on-line or by completing and mailing a registration bulletin (located in Student Services). Scores can be automatically sent to four colleges that you indicate when registering for the test. If you decide to send scores to a college after the test date, you must notify the testing service to make the request.
- Test Scores **MUST** be sent to colleges/universities by the student through the testing organization, either the SAT or ACT.
- Student Services does not send testing scores.

# RECOMMENDATIONS

"I want to show my colleges I'm well-rounded, so I wrote a poem in Spanish about how chess club has made me a better quarterback."

## Counselor Statements

- Some college applications require the submission of a counselor statement. It is the student's responsibility to provide this information for the counselor.
- Students should complete an Authorization for Release of Records form.
- Students should make certain that all sections of the form are completed with correct identifying information at the top of the page as well as the names and addresses of the school that need the counselor statement.
- Students should attach the Counselor Statement page to the Authorization for Release of Records form.
- Students should make sure to complete all of the student section on the Counselor Statement before submitting the form.
- Submit the Authorization for Release of Records form and counselor statements to the Student Services Office.
- In order to best complete the counselors statement forms, or to write a letter of recommendation, students must provide their counselor with a resume and or completed Senior Personal Profile-included in this packet) The more information you can provide the better the recommendation!
- **Allow at least two weeks for the counselor to complete the form or letter.**

## Teacher Recommendations

- Choose a teacher, coach, club sponsor etc. that knows you well and can supply specific details about what make you unique.
- Don't choose a teacher just because you made an A in their class.
- **Allow at least two weeks for the teacher to write the letter.**
- Provide the teacher with a copy of your resume, senior profile and any other information they need to write a comprehensive letter for you.
- Make sure you communicate to the teacher how they are to process the letter once it is completed. Do they give it back to you to mail? Do they mail it directly to the school?

- Often during the completion of your application, you will supply the college with a teacher's email address and the college will then email the teacher for their recommendation online. In these cases make sure you ask the teacher first if this is okay and then give them your resume and profile as mentioned above.
- Follow up with the teacher who wrote the recommendation to make sure it has been completed and mailed in order to meet all deadlines. The teacher may want to keep a copy.
- Thank them for their time and for their support!

### **Resumes/activity list**

- A resume or activity list can often help your teacher or counselor write a letter of recommendation. Items you might include: sports, clubs, jobs, community service, leadership, awards, etc.

## **COLLEGE VISITS TO LRHS**

Throughout the year, colleges and universities will visit the LRHS campus. These visits will take place during SMART lunch. A calendar and sign up program for these events is posted on the school's website under STUDNETS then CAREER SERVICES SIGN UP. Students can register online to attend these visits. See Ms.Canada in the Career Center, room 102, for more information or her email is [gcanada@wcpss.net](mailto:gcanada@wcpss.net)
