

AP European History Fall 2016 Summer Assignment

You now have a textbook. Palmer and Colton's "History of the Modern World". It is an \$80 book, so it is your responsibility to look after it. Thanks.

Your assignment is as follows....You are to read the Chapter in the text on the Renaissance-in most editions this is Chapter 2 Sections 6 & 7, from start to finish. You are to turn in notes on the entire chapter on the 3rd day of class. The notes must be 6 to 8 pages-one sided pages- long. The notes must have clear headings and sub headings. They need to be well formatted, for example in bullet point form. The notes must be primarily factual-dates, places, names, art works. Complete sentences are not part of notetaking, so abbreviation is essential. Correct spelling of masterpieces and their creators is a given. The whole Chapter must be covered and you may not exceed the 8th page.

If this assignment is not completed or not done in a manner consummate with the AP class, it will be clearly stated that this level of serious study may not be your cup of tea. So do your best to kick off with a top notch summer assignment. On Day 4 or 5 of the class you will do some form of timed writing-FRO-Free Response Long Essay... DBQ- Documents Based Question or Short Paragraph prompt, based purely on the notes you have taken. You of course, will not be allowed to use the notes, so you need to commit them to memory over the summer also.

If you wish to turn in a copy of your notes over the summer that would be helpful. I will need a hard copy delivered to my house-mailbox is fine- at 5841 Ventry Ct, Raleigh, NC 27613. Thank you and good luck. Have a great summer vacation. Keep up with those current events..
